

TECHNICAL DATA SHEET

Part#: 90EI

Cutters - 3 Star Angulated Head - Carbon Steel
Offers excellent visibility and accessibility

The 90EI is a 4 3/4" Flush cutting nipper with pointed tips at both ends. For use in areas where the tool must be held perpendicular to the work surface. It features soft cushioned Anti-Static grips (surface resistivity 10¹⁰ ohms/sq) with dual leaf springs.

- Precision Level ★★★
- Material Carbon Steel
- Surface Resistivity 10¹⁰ ohms/sq
- Shape Angled
- Type of Cut Optimum Flush
- Cutting Capacity .036"
- Blade Angle Angled
- Blade Length
- Body Width
- Body Height
- OAL 4.75" (118.75mm)
- Weight (OZ)
- UPC 662847014444
- Schedule B 8203.20.60.60
- ECCN EAR99
- UNSPSC Code 27111511
- Country of Origin Italy
- Group Angled Head
