Lantronix is pleased to announce the release of new and improved SLB firmware 7.5.0.0RC7.

### **Description and Extent of Change**

The release includes new features and bug fixes including:

- ConsoleFlow Configuration Editor

- Web Server HTTP Disabled; HSTS Security added to Web Server
- Changes to CLI syntax
  - added "comment" option to "admin sysinfo"
  - added "highest" option to "admin web cipher"
  - moved SNMP commands from "set services" and "show services" to "set snmp" and "show snmp"
  - removed "mqttsecurity" option from "set cflow"

**Reason for Change**

New features and expanded capabilities

For SLB customers who would like to take advantage of the above new capabilities, the firmware and associated release notes are now available for download from our website:

<https://www.lantronix.com/products/lantronix-slb/#docs-downloads>

More information about SLB Branch Office Manager is available on our website:

<https://www.lantronix.com/products/lantronix-slb>

**Effect of Change on Fit, Form, or Function**

Functional changes only as noted above.

**Effective Date of Change**

This change will go into effect for the listed products built from July 12, 2021 onwards.

If you have any questions, please contact your sales representative or Lantronix Technical Support at (800) 422-7044 or (949) 453-7198.
