

Product End of Life cycle (EOL) Notice (Notification on termination of Module Product)

April 15, 2021

To whom it may concern,

This letter is to inform you that Samsung Electronics plans to execute an End of Life cycle (EOL) process for family products called LAM/Finger. (See below for specific part numbers).

After a thorough review of our existing product offering we have made the determination to discontinue these products in order to provide you with more advanced products while more efficiently managing our product portfolio.

We sincerely appreciate your business with Samsung LED, and we ask your understanding on any inconvenience caused by the EOL.

We hope that this notification allows you time to complete existing projects using your current designs and shift future designs to one of our other advanced solutions. Please note that, if EOL occurs prior to the expiration of the warranty period, we reserve the right to service this warranty with replacement parts.

Please contact your Samsung Electronics representative with any questions or concerns regarding this matter.

Part Numbers of EOL list

Name	Model	Part Number	Alternative	
LAM	SQ30C	SI-B8V114250WW SI-B8T114250WW SI-B8P114250WW SI-9W111250WW SI-9Q111250WW	Standard back-lit	Standard Efficacy) SI-B8*031500WW SI-B8*071B00WW High Efficacy) SI-B8*041500WW SI-B8*081B00WW
	RT30C	SI-B8V116280WW SI-B8T116280WW SI-B8P116280WW
