Obsolescence Notification: MX919BDS

Dear Valued Customer,

Please be advised that as the result of an internal review, the following devices are now being classified as Obsolete and are being taken through the CML 'Obsolescence' program.

MX919BDS

A 'Last Time Buy' (LTB) procedure is now in force with the following applicable dates:

- Orders on the above products will be accepted from June 30, 2020 through December 31, 2020. All orders are non-cancelable.
- Orders for the above products will be subject to a price increase during the second half of the order acceptance period. The price increase will take affect for orders placed after October 1, 2020.
- These orders must be fully scheduled for delivery, with the latest order schedule date being before June 30, 2021.
- The 'LTB' procedure will be complete on June 30, 2021.
- Order acceptance is subject to individual product availability.

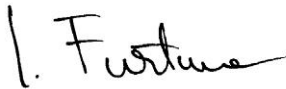

As a replacement, we would suggest you consider the following:

FX919BD5 – Half Duplex 4FSK Packet Data Modem

We look forward to your support in progressing this action to a successful conclusion but should you need to discuss this further, please do not hesitate to contact our Sales Team directly.

Thank you for the opportunity to serve your needs on these products and we look forward to servicing future needs with our newer products. We apologize in advance for any inconvenience this action might cause.

Best Regards,

Ion Furtuna
VP of Sales
