<b>CUSTOMER NAME</b>	ALL CUSTOMERS		
<b>MODEL AFFECTED</b>	ESSV & ESPV SERIES		
<b>PROCESS CHANGE ORDER #</b>	<b>PCN20180401001</b>	<b>IMPLEMENTATION DATE</b>	<b>4/2/2018</b>

**DESCRIPTION OF CHANGE:** Change of case color for the ESSV and ESPV series from white to black.

## CHANGE TYPE:

<b>CUSTOMER CONTACT</b>	LAURENT JENCK (Laurent@erp-power.com)		
<b>DATE OF NOTIFICATION</b>	4/1/2018		

**DESCRIPTION OF CHANGE:** In order to differentiate the standard ESS/ESST and ESPT series from the ESSV and ESPV series that have a 5 VA flammability rating, we are changing the color of the case of the ESSV and ESPV series from White to Black.

Moving forward:

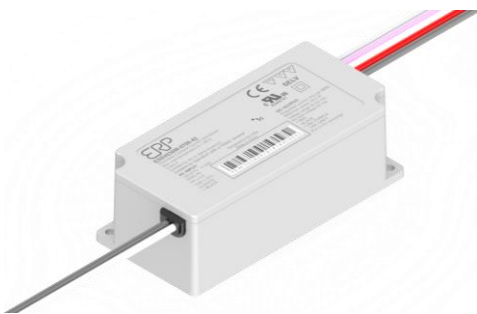

- The ESSV and ESPV series with 5VA flammability rating and UL Class P will be offered in a black case.
- The ESS/ESST and ESPT series with 94V0 flammability rating will be offered in a white case.

From an electrical and thermal standpoint, there are no differences at all between the white color and black color.

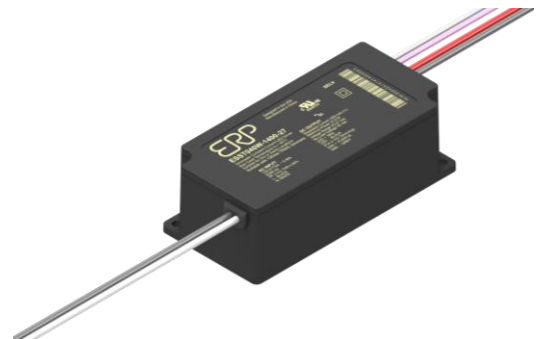

During a transition period which we expect will last several weeks, it is possible we may ship some ESSV or ESPV products with the white color. However, we will not mix the white and black color in the same shipment or in the same box.

## ESSV SERIES

### Old Color (White)

### New Color (Black)

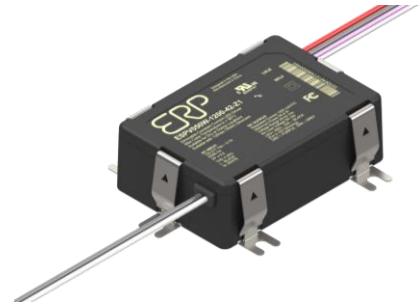

**DATE OF APPROVAL**

## ESPV SERIES

Old Color (White)

New Color (Black)
