

## Notice

JAE Oregon will be receiving an additional capacity mold tool (D) for the housing component of the assembled products **MX36002SQ3** and **MX36004SQ3**. There is no change to the product; Design, form, fit and function remain the same.

**This plastic housing component is not sold or PPAP certified separately, so a PPAP will be supplied for the completed products.**

Thank you for your cooperation.
