

Date: December 22nd, 2021

PRODUCT CHANGE NOTICE

Dear Telit Partner,
we would like to announce the End of Life (EoL) of the NE310H2 and NL865H2 module series
Telit will follow the schedule reported below during this procedure:

Built to Order (BTO): January 10th, 2022

From this date, the product will be available upon firm order (not cancellable and not re-schedulable).

Last Time Buy (LTB): June 30th, 2022

Orders can be submitted until this date.

Acceptance of 'Last Time Buy' orders is subject to product availability and final confirmed quantities will be communicated one month after LTB date.

Last Shipment Date (LSD): December 31st, 2022

Last shipping date that can be requested for scheduled orders, which were placed before LTB.

Given the current market situation and supply chain constraints, there could be some flexibility to extend the last shipment dates.

End of Maintenance: December 31st, 2023

The technical and commercial support for these variants will end on this date.

The affected part numbers (P/Ns) are listed in the table below:

EoL Part Numbers	
NE310H2-W1	NE310H2W601T011000
	NE310H2W602T011000
NL865H2-W1	NL865H2W601T011000
	NL865H2W602T011000

NE310L2 module series is recommended as a migration path for the discontinued products.
Please contact Telit Application Engineering for guidance on replacement options.

If you have any further question about the present communication, please contact Telit Technical Support or your Regional Sales Representative.

Best regards,

Marco Argenton
Head of Product Management
Telit Communications S.p.A.
