

**3M Engineered Industrial Tapes – Product Update  
3M™ Glass Cloth Tapes 361 and 3M™ Glass Cloth Tapes 361L**

December 1, 2022

Dear Valued Customer:

To help minimize service and supply disruptions of 3M™ Glass Cloth Tapes 361 and 3M™ Glass Cloth Tapes 361L (“Product”), 3M has qualified additional sources of supply for the glass cloth and glass cloth fibers used in the Product. 3M will begin utilizing these additional sources effective immediately.

The Product will continue to be made to the same manufacturing specifications, except the newly qualified glass cloth and glass cloth fibers might be sourced from outside the United States. We are confident the newly qualified glass cloth and glass cloth fibers should not affect the form, fit or function of these Products.

If your application requires United States sourced content (Berry Amendment compliance), please contact your 3M representative to evaluate an alternative 3M product for your application.

For additional technical or application questions, please connect with a 3M Industrial Adhesives & Tapes Division Product Specialist at 1-800-362-3550, option 2, option 2 or email [3mproducts.adhesives.us@mmm.com](mailto:3mproducts.adhesives.us@mmm.com)

Thank you for your continued support of 3M products.

Regards,
