

Information Note

Quadwire® Active Optical Cable Package Change

Scope of Change

This Information Note is to inform customers that Finisar is changing the packaging method for its Quadwire® Active Optical Cable (AOC) products.

The Finisar Part Numbers affected by this Information Note are:

FCBx41xQB1Cxx
FCxx41xQD3Cxx

Reason for Change

This change will enable Finisar to save packaging materials and shipping cost.

Detailed Description of Change

Current Packaging Method:

Shipping packaging (box dimension: 680*610*315mm)

0<L≤30m, 36 pcs/box
30<L≤50m, 24 pcs/box

50<L≤100m, 8 pcs/box

New Packaging Method:

Shipping packaging (box dimension: 515*410*365mm)

0<L≤5m, 3 pcs/slot, 36 pcs/box

16≤L≤35m, 12 pcs/box

5<L≤15m, 2 pcs/slot, 24 pcs/box

36≤L≤50m, 12 pcs/box

51≤L≤100m, 6 pcs/box
(81≤L≤100m: use PU foam as filling material)

Cable inner diameter

0<L≤5m	15 cm
5<L≤15m	15 cm
16≤L≤35m	15 cm
36≤L≤50m	16-17 cm
51≤L≤80m	15 cm
81≤L≤100m	15 cm

PU foam

Products packaged with the new packaging method have passed the required reliability tests. Reliability test reports are available upon request.

Implementation Date

Finisar plans to cut in the new packaging method as a rolling change as we deplete the old packaging materials.
