Nature of Change:
Tabbing Location Change

Affected Model:
ML-621S/DN & VL-621/DN

Date of Notice: March 23rd, 2015

To our valued customers:

Panasonic is planning to change the tabbing location from Dongguan to Indonesia.

There will be no change in tray size, or carton quantity.

The cell will have a visual difference in the type of nickel plating.
Currently, the plating is shiny and will change to a matte finish in Indonesia.

This is a visual change only and does not affect performance.

This change will be occurring on July 2015.

Please provide any sample requests to your account manager by 3/25/2015.

Thank you for your understanding regarding this product notice. If you have any questions, please contact your account manager or send an inquiry to oembatteries@us.panasonic.com.

Sincerely,
