

Product / Process Change Notification

Dear Customer,

in order to meet the latest market-demand and norm-requirements, we are constantly refining products in regards to effectiveness, accreditation and high quality.

In this context, Belden introduces a new crimping tool which will be replacing its predecessor.

The current tool will be orderable until end of March 2018, after this date the new design will be offered.

Please read the following text for more information.

PCN No: PCN-2017-11-30

Date: 2017-11-30

Change Title: New Crimping Tool

Change Classification: _____ Minor Major

Change Item: Design Raw Material Packaging ___ Firmware Others

Product Category: Accessories

Affected Product(s):

Affected is the crimping tool XZC 0701 used for contact types RSC 162/1, RSC 162, RBC 162/1 and RBC 162 of the NR- and ST-Series.

Details of Change(s):

The current crimping tool XZC 0701 with the material number 932507002 will be replaced by the technically and ergonomically improved version XZC 0704 with the new material number 932507005.

XZC 0701:

Material no. 932507002

XZC 0704 (new):

Material no. 932507005

Reason for Change(s):

Four instead of three crimp profiles together with a more ergonomical design of the tool handles enable not only a more precise solderless connection but also a more comfortable handling.

Impact of Change(s):

Form: 4 crimp profiles, new overall appearance
Fit: Not effected
Function: More precise crimping
Reliability: Not effected
Others: New material number and description

Implementation Plan:

The crimping tool XZC 0701 can be ordered until 2018/03/31, the last shipment will be 2018/04/30.
