Description

The P960-001-M2 M.2 NGFF SSD to 2.5 in. SATA Enclosure Adapter lets you use an M.2 NGFF SATA SSD (B-Key) drive with a standard SATA-enabled computer, drive enclosure or docking station. To share data, just remove the adapter's cover, connect the drive to the M.2 NGFF connector, secure it with the included screws, put the cover back, and connect the adapter to your computer's SATA port.
