Obsolescence Notification : CMX910Q1

Dear Valued Customer,

Please be advised that as the result of an internal review, the following devices are now being classified as Obsolete and are being taken through the CML 'Obsolescence' program.

CMX910Q1

A 'Last Time Buy' (LTB) procedure is now in force with the following applicable dates:

- Orders on the above products will be accepted from June 11, 2021 through December 10, 2021. All orders are non-cancelable.
- Orders for the above products will be subject to a price increase during the second half of the order acceptance period. The price increase will take affect for orders placed after September 13, 2021.
- These orders must be fully scheduled for delivery, with the latest order schedule date being before June 10, 2022.
- The 'LTB' procedure will be complete on June 10, 2022.
- Order acceptance is subject to individual product availability.

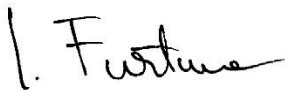

As a replacement, we would suggest you consider the following:

CMX910L9 – Class A and Class B AIS Baseband Signal Processor

We look forward to your support in progressing this action to a successful conclusion, but should you need to discuss this further, please do not hesitate to contact our Sales Team directly.

Thank you for the opportunity to serve your needs on these products and we look forward to servicing future needs with our newer products. We apologize in advance for any inconvenience this action might cause.

Best Regards,

Ion Furtuna
VP of Sales
